

The Young Manufacturing Leaders Network

Data & Activities
Version 0.3 - December 2021

The Young Manufacturing Leader Network

The **international network** of Young Manufacturing Leaders aimed at:

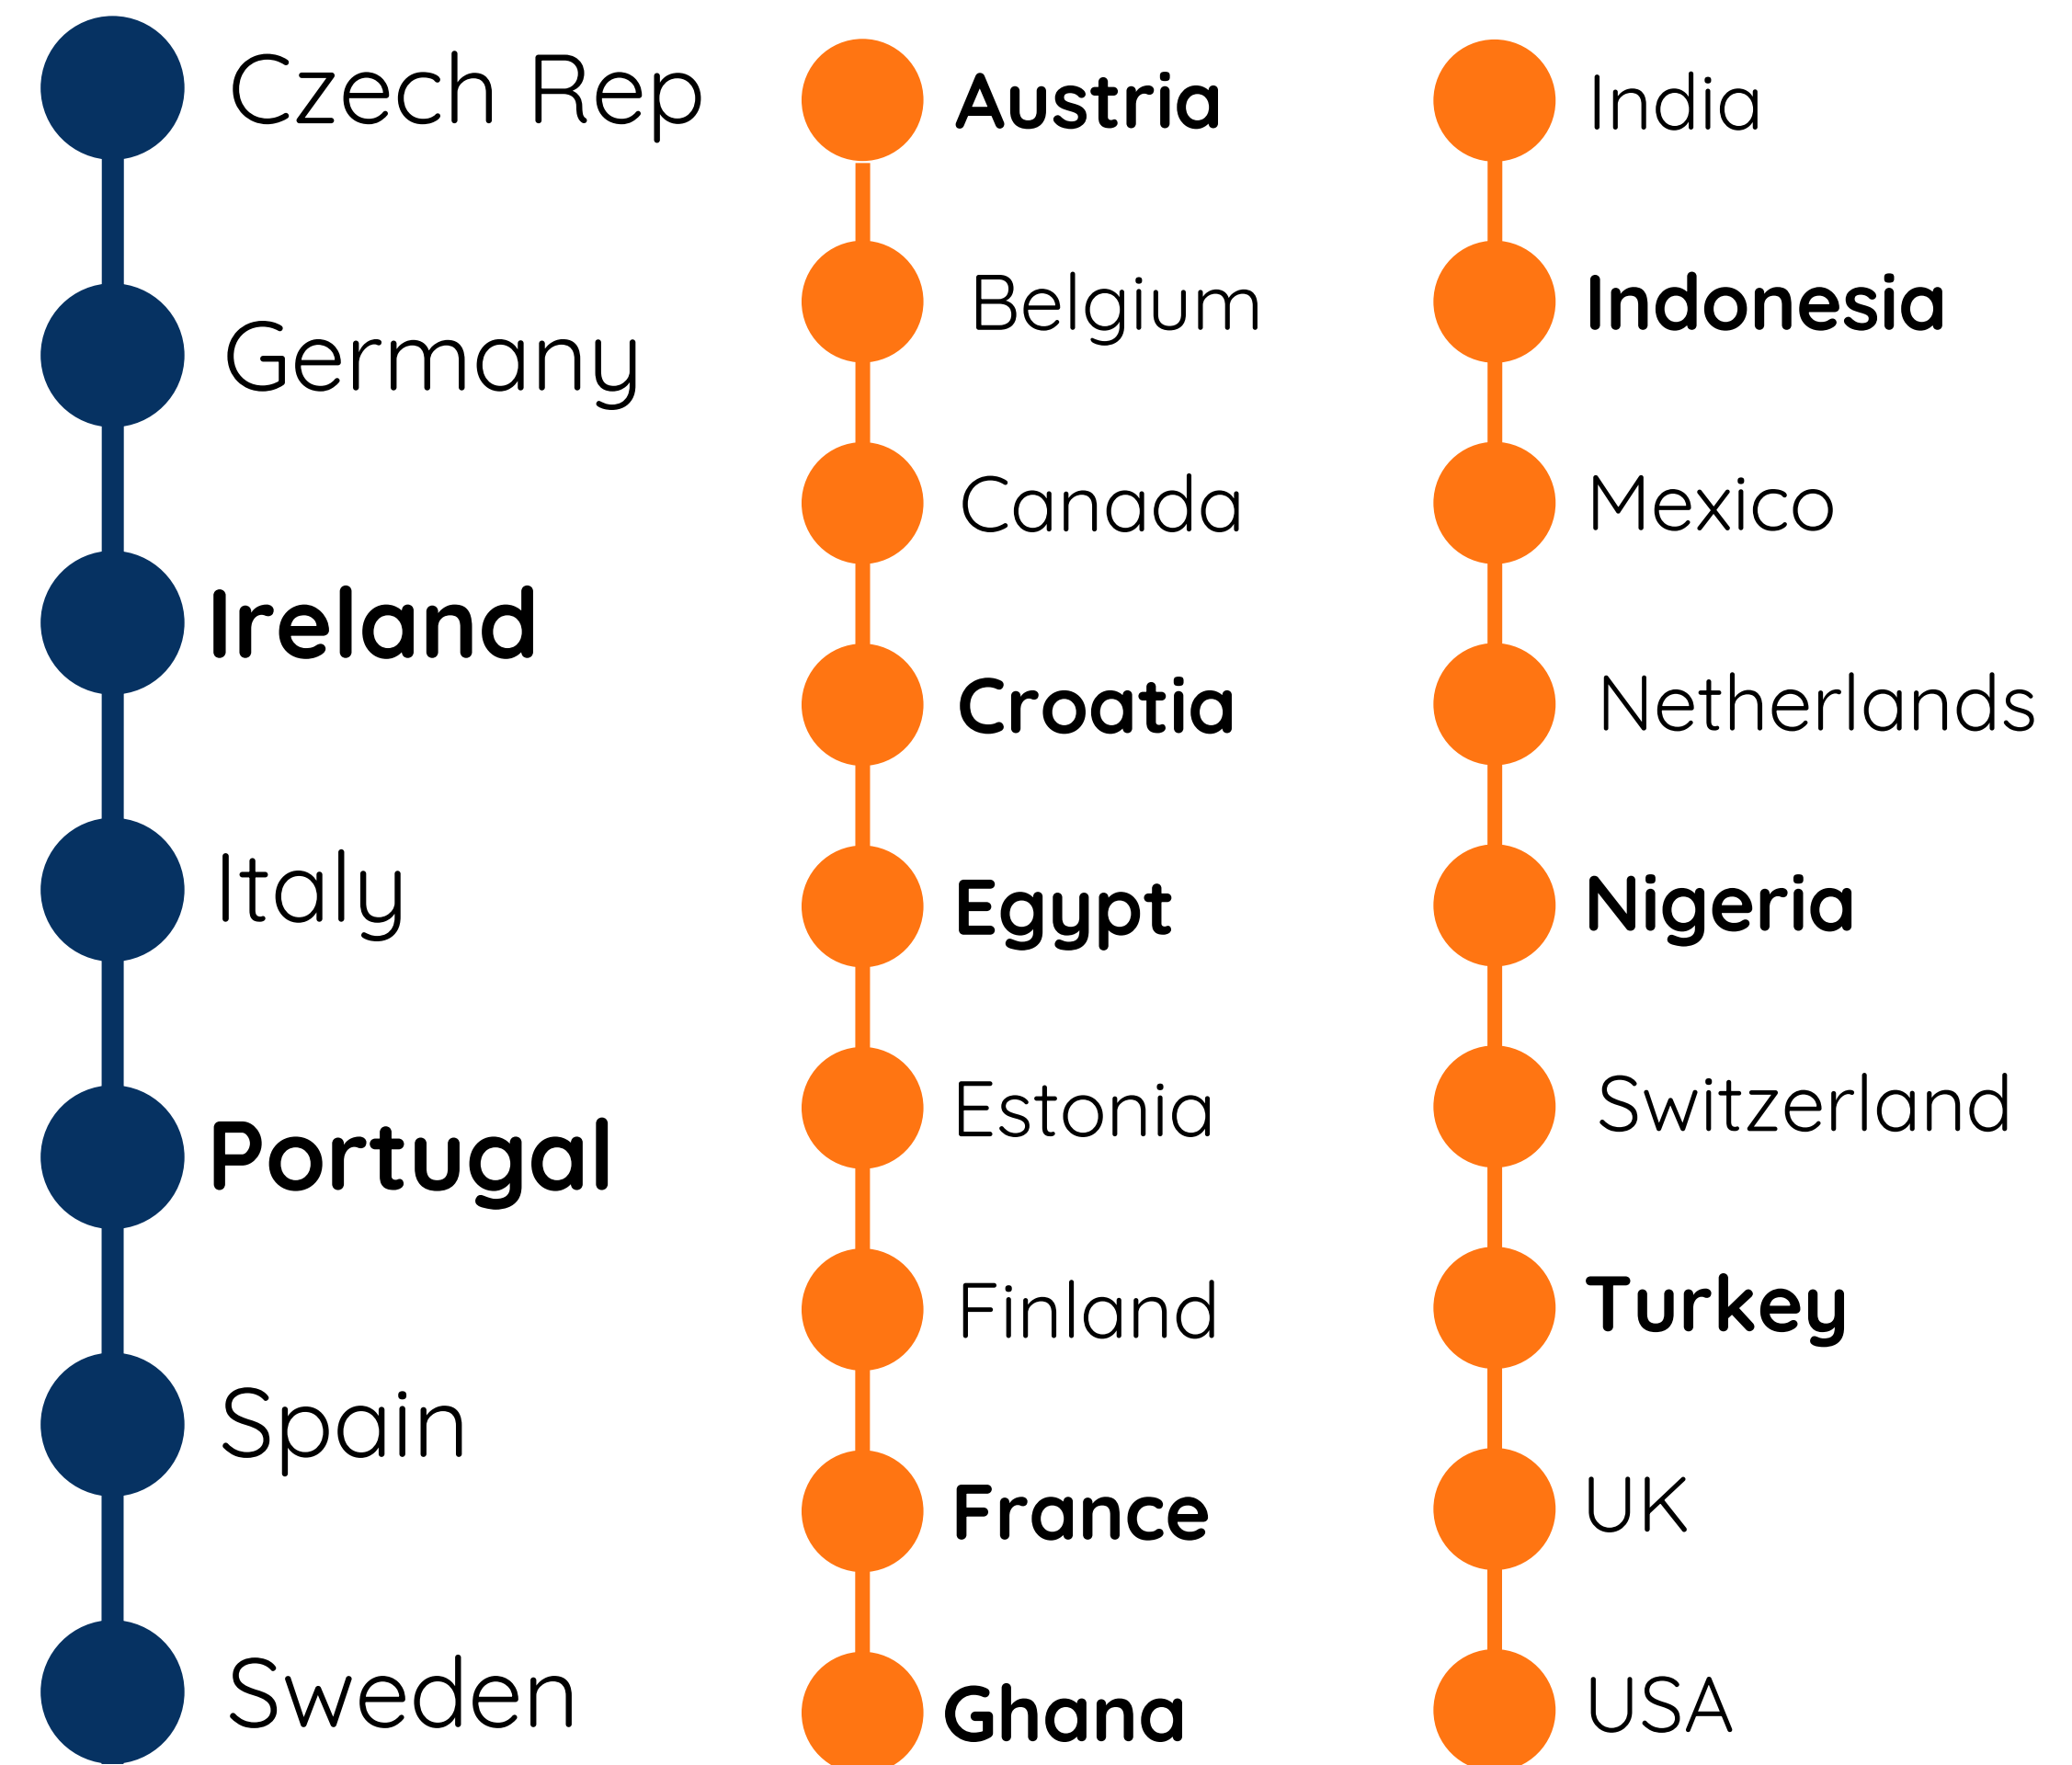

- spreading awareness about the importance of advanced and sustainable manufacturing
- engaging and connecting young people with key players and opportunities in manufacturing
- empowering them to be change-makers and contribute to the sustainable development of industry and society at both local and global level

The YML City Hubs

Besides the promoting Partners, YML network is currently composed of **7 local City Hubs based in Europe**. The City Hubs are run by members of the network in collaboration with project partners and other stakeholders.

The growing YML community

YMLs in the network: **+270%** # Countries involved: **+56%**

Young Manufacturing Leaders

Students (64%)

Professionals (26.5%)

PhD (7.5%)

Other (<2%) ● ● ●
